Whether you've lost your loved-one, your job, your mobility, your physical ability.... Whether you've had any kind of significant life change, or just want to support those who are having a hard time.....

Come experience a different kind of service. Nourish both your body and your soul with the Bread and the Cup. Let the cello and violin heal your heartaches. Let the drums and guitar bring you back to life.

Let the Word of God bring you back to HOPE.
